

**CFU offers cost-sharing rebates to help customers pay for energy efficiency improvements.**

**How to qualify** For heating, cooling, thermal envelope improvements or new construction, start by contacting CFU. For efficient appliances, recycling rebates, electric vehicles or our Plant a Tree program, review and complete application forms available online at [cfu.net/rebates](http://cfu.net/rebates) or at Cedar Falls Utilities, 1 Utility Parkway, Cedar Falls.

✔ Doesn't require pre-approval    ⚠ Requires pre-approval by CFU

## APPLIANCES

	NAME	REBATE AMOUNT
✔	Water Heater - Gas Tankless	Up to \$300 (UEF > 0.95)
✔	Water Heater - Heat Pump	Up to \$400 (UEF > 3.30)

CFU must provide water heating fuel source.

## THERMAL ENVELOPE IMPROVEMENTS

You must use a professional contractor and you must receive pre-approval from CFU for thermal envelope improvements (exceptions noted below). CFU will pay incentives on residential attic insulation provided that the existing insulation level is less than R-40. Rebate applications may be submitted for projects that increase the attic insulation up to a maximum of R-60. You can use any licensed contractor to qualify for CFU's air sealing and insulation incentives.

	NAME	REBATE AMOUNT
⚠	Attic/Ceiling Insulation	See form for details
⚠	Sidewall, Crawlspace and Floor Insulation	See form for details
⚠	Duct Insulation	See form for details
✔	Rim/Band Joist Insulation	See form for details
