

EV Community 2026 Rebate Application Deadline: January 31, 2027

Join CFU's electric vehicle (EV) community to help drive the use of EVs and be on the list for future focus groups, surveys, and more.

Equipment Requirements	Rebate Amount
Partially electric (plug-in hybrid) or fully electric vehicles.	Up to \$50 per electric vehicle.

Rebate Requirements and Limits

- Both residential and business CFU customers are eligible.
- One rebate per vehicle + customer combination.
 - Customers with multiple EVs can apply for each vehicle. Submit a new form for each EV.
 - Customers that replace an already registered EV can apply for the replacement EV.
- Only electric vehicles that can travel at speeds >60 mph are eligible.
 - Licensed or unlicensed vehicles such as electric golf carts and neighborhood electric vehicles like the GEM Peapod, etc. are not eligible.

Required Supporting Documentation

Photocopy of the vehicle registration document

Customer Information

Customer Name: _____ Utility Account Number: _____

Address: _____ Phone: _____

Email: _____

Vehicle Information

Make & Model: _____ Year: _____

Battery Size (kWh): _____ Estimated Electric Range (miles): _____

EV Charger Information

Make & Model: _____

Type: Level 1 (120V slow charge) Level 2 (240V medium charge) Level 3 (DC Fast Charge)

Charging Habits: Scheduled at night at home At home, not scheduled
 At work, during day Other (Describe): _____

Off-Peak EV Charging Program

I opt-in to the Off-Peak Charging Program (see page 2 for details)

Number of Level 2 chargers installed: 1 2* 3* 4* *On-site verification required

Rebate Delivery

Rebate will be applied as a utility bill credit on the account above.

I acknowledge that EV chargers increase the amount of electric demand and electric energy that is used by the system the charger is connected to, which will likely result in increased electric utility costs for that system.

I agree to the General Terms and Conditions (page 3)

Off-Peak EV Charging Program

The Off-Peak EV Charging Rebate Program encourages CFU drivers to charge their vehicles overnight on weekdays between 9:00 p.m. and 5:00 a.m. the next day and any time on the weekend in exchange for a monthly incentive of \$8.

Equipment Requirements	Rebate Amount
Charger capacity of Level 2 or greater.	Up to \$8 per month per charger, paid out yearly every January as a utility bill credit.

Rebate Requirements and Limits

- CFU must provide the electricity for charging.
- Charging may only happen overnight on weekdays between 9:00 p.m. and 5:00 a.m. the next day OR any time on weekends.
 - There are times when you may have an urgent need to charge your EV. You may charge up to three times each month outside of the periods listed above without losing your incentive for that month. Use the “On-Peak Charging Chart” to track these charges.
- Qualifying calculations will be based on electric consumption. Once enrolled, no paperwork is required.
- Credits will be earned only from the enrolled month going forward, past months will be excluded.

General Terms and Conditions

1 Applicant Certification:

- 1.1 The applicant agrees that the stated energy efficiency measure(s) is (are) installed and in operation at the address listed in the application, and that the information contained in this application is accurate and complete.
- 1.2 I have read and agree to the Terms & Conditions of this application (General and Specific).
- 1.3 I agree to indemnify, defend, hold harmless and release Cedar Falls Utilities (CFU) from any claims, damages, liabilities, costs and expenses (including reasonable attorneys' fees) arising from or relating to the removal, disposal, installation or operation of any equipment or related materials in connection with the programs described in this application, including any incidental, special or consequential damages.
- 1.4 Cedar Falls Utilities:
 - 1.4.1 does not endorse any provider, manufacturer, product, labor or system design by offering this program;
 - 1.4.2 is not responsible for any tax liability arising from customer's receipt of a rebate payment;
 - 1.4.3 is not responsible for negotiating contractor pricing or expediting contractor work;
 - 1.4.4 does not expressly or implicitly warrant the performance of installed equipment or contractor's quality of work (contact your contractor or vendor for warranty information);
 - 1.4.5 is not responsible for the proper disposal/recycling of any waste generated by this project;
 - 1.4.6 is not liable for any incidental or consequential damages caused by the installation of the equipment or for any damage caused by malfunction of the installed equipment;
 - 1.4.7 does not guarantee that a specific level of energy or cost savings will result from the implementation of energy efficiency measures or the use of products funded under this program;
 - 1.4.8 may modify or end any cash rebate program at any time without notice. Incentives are available on a first-come, first-served basis. Neither preapproval of a project, nor any other action by CFU, entitles applicant to a rebate payment until and unless this application is approved by CFU. Submitting a completed application does not guarantee receipt of a rebate from CFU.

2 Project Eligibility:

- 2.1 Projects may only apply for rebate programs available during the calendar year that the project was completed.
- 2.2 Applicant must be a CFU customer for the primary energy source (electricity or natural gas) saved by the product for which a rebate is being applied for.
- 2.3 Projects must comply with all applicable federal, state, and local codes, standards, and regulatory requirements.
- 2.4 To evaluate your application, CFU will use the rules listed on the application form that was posted at www.cfu.net on the day CFU receives your application.
- 2.5 All equipment must be new; used or rebuilt equipment is not eligible.
- 2.6 Existing equipment must be removed and may not be resold.

3 CFU Rebate Processing and Application Deadline:

- 3.1 An application must be submitted by January 31 of the year following the calendar year the project was completed.
- 3.2 Allow two to eight weeks for application review and funding of approved rebates.
- 3.3 Incomplete applications may be delayed or rejected.
- 3.4 CFU reserves the rights to:
 - 3.4.1 award rebates in the form of utility bill credits or directly mailed checks;
 - 3.4.2 verify invoices and proof of payments with financial institutions;
 - 3.4.3 notify you of rebate status via text message or email;
 - 3.4.4 require invoices that separately itemize the cost for each equipment type.
- 3.5 In no event will rebate awarded exceed 60% of the total project cost. Total project cost is the total of equipment and labor costs necessary to complete installation. Other limits may apply.

4 Inspection:

- 4.1 Rebates that require inspections must pass required inspections before a rebate will be issued. Specific requirements and instructions are listed on rebate applications.

5 Verification & Publicity:

- 5.1 CFU reserves the right to inspect and verify the installation or conduct additional tests; ask you to complete a customer survey; and/or meter the specified equipment or process, at no cost to the customer, in order to determine the actual energy saved for up to 12 months after the installation.
- 5.2 CFU may publicize your participation in this program unless you request otherwise in writing.
- 5.3 Rebate application information may be shared with state agencies or departments.
