CEDAR FALLS UTILITIES 2018 RESIDENTIAL AIR SOURCE HEAT PUMP REBATE PROGRAM TERMS & CONDITIONS

- **Project Eligibility (including CFU SAVE and Sizing Requirements):** Projects obtain preapproval from CFU and must be completed between January 1, 2018 and December 31, 2018. Applicant must be a current Cedar Falls Utilities (CFU) customer and own the property where equipment is installed. CFU must supply the electricity to the air source heat pump for which the cash rebate is being paid and must preapprove all eligible equipment for this rebate. *Heat pump must serve residential dwelling as defined in the Service Description for CFU residential electric rates.* Projects must comply with all applicable federal, state, and local codes, standards, and regulatory requirements. The most current rules of this program are on the application forms posted at www.cfu.net. To evaluate your application, CFU will use the rules listed on the application form that was posted at www.cfu.net on the day CFU receives your application. All equipment must be new; used or rebuilt equipment is not eligible. Existing equipment must be removed and may not be resold. **SAVE Requirements:** At the time of the installation, the equipment installer must be listed as a SAVE-certified contractor at www.hvacsave.com and equipment must achieve SAVE-certification (Excellent rating). **Equipment Size and Type Requirements:** CFU Energy Services department must complete a sizing calculation of each air source heat pump *prior* to installation; equipment must not exceed the size listed in CFU's calculations. All air source heat pumps must be two-stage systems. Additionally, maximum equipment size of 65 MBtuh is allowed under this rebate program. Larger systems are subject to CFU's commercial or custom rebates.
- **Application Submittal Directions:** After installation and SAVE testing are complete, submit a completed and signed rebate application with invoices and the SAVE contractor report to Cedar Falls Utilities, Attn: Energy Services, P.O. Box 769, Cedar Falls, IA 50613. Reports, invoices, and applications may also be submitted electronically at energyservices@cfu.net. Itemized receipt(s) or paid invoice(s) showing the contractor/vendor name, date of purchase, installation address, manufacturer and model number of the coil and condenser of each air source heat pump purchased, and each total project cost must be submitted with the rebate application. The SAVE contractor report must be completed using the "CFU SAVE Equipment Rebate" job type found at www.hvacsave.com.
- **Rebate Amount:** *In no event will rebate exceed 50% of total project cost. Total project cost is the total of equipment and labor costs necessary to complete installation of a single qualifying air source heat pump.*
- **CFU Rebate Processing and Application Deadline:** Submit your application no later than March 31, 2019. Equipment or improvements must be installed and operating on the premises before you apply for a rebate. Unit must be paid in full; items on layaway or payment plans are not eligible until all payments have been made. Allow 2-8 weeks for application review and funding of approved rebates. Incomplete applications may be delayed or rejected. *CFU reserves the rights to 1) award rebates in the form of utility bill credits or directly mailed checks; 2) notify you of rebate status via text messages; 3) request invoices that itemize each heat pump total project cost separately from costs for other projects; and 4) verify invoices or proof of payment with financial institutions. For this rebate category, CFU does not consider receipts documenting cash transactions a valid proof of payment.* Limit one rebate payment per piece of qualifying equipment or project expense. See "Rebate Amount" for definition of total project cost.
- **Verification & Publicity:** CFU reserves the right to inspect and verify the installation or conduct additional SAVE Equipment tests; ask you to complete a customer survey; and/or meter the specified equipment or process, at no cost to the customer, in order to determine the actual energy saved for up to 12 months after the installation. CFU may publicize your participation in this program unless you request otherwise in writing. Rebate application information may be shared with state agencies or departments.
- **Cedar Falls Utilities:**
 - 1) does not endorse any provider, manufacturer, product, labor or system design by offering this program;
 - 2) is not responsible for any tax liability arising from customer's receipt of a rebate payment;
 - 3) is not responsible for negotiating contractor pricing or expediting contractor work or SAVE score calculation;
 - 4) does not expressly or implicitly warrant the performance of installed equipment or contractor's quality of work (contact your contractor or vendor for warranty information);
 - 5) is not responsible for the proper disposal/recycling of any waste generated by this project;
 - 6) is not liable for any incidental or consequential damages caused by the installation of the equipment or for any damage caused by the malfunction of the installed equipment;
 - 7) does not guarantee that a specific level of energy or cost savings will result from the implementation of energy efficiency measures or the use of products funded under this program;
 - 8) **may modify or end any cash rebate program at any time without notice. Incentives are available on a first-come, first-served basis. Neither preapproval of a project, nor any other action by CFU, entitles applicant to a rebate payment until and unless this application is approved by CFU. Submitting a completed application does not guarantee that applicant or contractor will receive a rebate from CFU.**
