## CEDAR FALLS UTILITIES

### 2018 RESIDENTIAL FURNACE AND BOILER REBATE PROGRAM TERMS & CONDITIONS

- **Project Eligibility (including CFU SAVE and Sizing Requirements):** Projects must be completed between January 1, 2018 and December 31, 2018. Applicant must 1) be a current Cedar Falls Utilities (CFU) customer; 2) own the property where equipment is installed; and 3) CFU must supply the natural gas to the equipment for which the cash rebate is being paid. Projects must comply with all applicable federal, state, and local codes, standards, and regulatory requirements. The most current rules of this program are on the application forms posted at [www.cfu.net](http://www.cfu.net). To evaluate your application, CFU will use the rules listed on the application form that was posted at [www.cfu.net](http://www.cfu.net) on the day CFU receives your application. All equipment must be new; used or rebuilt equipment is not eligible. Existing equipment must be removed and may not be resold. Properties converting from electricity to natural gas space heating equipment may be eligible for additional incentives on a pre-approved, case-by-case basis. **SAVE Requirements:** At the time of furnace OR boiler installation, the equipment installer must be listed as a SAVE-certified contractor at [www.hvacsave.com](http://www.hvacsave.com). Furnaces must additionally achieve SAVE-certification (Excellent rating). **Equipment Size Requirements:** CFU Energy Services department must complete a sizing calculation of each furnace or boiler prior to installation; equipment must not exceed the size listed in CFU's calculations.
- **Application Submittal Directions:** After installation and SAVE testing (for furnaces only) are complete, submit a completed and signed rebate application with invoices and the SAVE contractor report (for furnaces only) to Cedar Falls Utilities, Attn: Energy Services, P.O. Box 769, Cedar Falls, IA 50613. Reports, invoices, and applications may also be submitted electronically at [energyservices@cfu.net](mailto:energyservices@cfu.net). Itemized receipt(s) or paid invoice(s) showing the contractor/vendor name, date of purchase, installation address, manufacturer and model number of each furnace boiler purchased, and total equipment cost must be submitted with the rebate application. For invoices regarding the installation of natural gas piping, the labor and materials must be itemized separately from the installation and purchase of the new furnace or boiler. For furnaces, the SAVE contractor report must be completed using the "CFU SAVE Equipment Rebate" job type found at [www.hvacsave.com](http://www.hvacsave.com). For both furnaces and boilers, *CFU reserves the rights to 1) award rebates in the form of utility bill credits or directly mailed checks; 2) verify invoices and proof of payment with financial institutions; 3) notify you of rebate status via text message; and 4) to request invoices that itemize each furnace total project cost separately from costs for air conditioners or other projects. Receipts documenting cash transactions are not valid proof of payment.*
- **CFU Rebate Processing and Application Deadline:** Submit your application no later than March 31, 2019. Equipment or improvements must be installed and operating on the premises before you apply for a rebate. Unit must be paid in full; items on layaway or payment plans are not eligible until all payments have been made. Allow two to eight weeks for application review and funding of approved rebates. Incomplete applications may be delayed or rejected. CFU reserves the right to award rebates in the form of utility bill credits or directly mailed checks. Limit one rebate payment per piece of qualifying equipment or project expense. *In no event will the rebate awarded be more than 50% of total project cost. Total project cost is the total of equipment and labor costs necessary to complete installation of a single qualifying furnace.*
- **Verification & Publicity:** CFU reserves the right to inspect and verify the installation or conduct additional SAVE Equipment tests; ask you to complete a customer survey; and/or meter the specified equipment or process, at no cost to the customer, in order to determine the actual energy saved for up to 12 months after the installation. CFU may publicize your participation in this program unless you request otherwise in writing. Rebate application information may be shared with state agencies or departments.
- **Cedar Falls Utilities:** does not endorse any provider, manufacturer, product, labor or system design by offering this program; is not responsible for any tax liability arising from customer's receipt of a rebate payment; is not responsible for negotiating contractor pricing or expediting contractor work or SAVE score calculation; does not expressly or implicitly warrant the performance of installed equipment or contractor's quality of work (contact your contractor or vendor for warranty information); is not responsible for the proper disposal/recycling of any waste generated by this project; is not liable for any incidental or consequential damages caused by the installation of the equipment or for any damage caused by the malfunction of the installed equipment; and does not guarantee that a specific level of energy or cost savings will result from the implementation of energy efficiency measures or the use of products funded under this program. CFU may modify or end any cash rebate program at any time without notice. Incentives are available on a first-come, first-served basis. **Neither pre-approval of a project, nor any other action by CFU, entitles applicant to a rebate payment until and unless this application is approved by CFU. Submitting a completed application does not guarantee that applicant or contractor will receive a rebate from CFU.**
