

Residential Energy Efficiency Rebates 2018

Energy Services
RESIDENTIAL | BUSINESS

CFU offers cost-sharing rebates to help customers pay for energy efficiency improvements.

How to qualify: For heating, cooling or building shell rebates, start by contacting CFU.

A CFU Energy Specialist will visit your home to determine eligibility and take necessary measurements. For efficient appliances, recycling or lighting rebates, follow the purchase guidelines below and fill out a rebate application available online or at Cedar Falls Utilities, 1 Utility Parkway, Cedar Falls.
