

CFU offers cost-sharing rebates to help customers pay for energy efficiency improvements.

**How to qualify:** For heating, cooling or thermal envelope improvements, start by contacting CFU. For efficient appliances, recycling or lighting rebates, follow the purchase guidelines below and fill out a rebate application available online at [www.cfu.net/rebates](http://www.cfu.net/rebates) or at Cedar Falls Utilities, 1 Utility Parkway, Cedar Falls.

- ✔ Doesn't require pre-approval    
 ⚠ Requires pre-approval by CFU

## APPLIANCES

	NAME	REBATE AMOUNT
✔	Clothes Washer	\$100
✔	Clothes Dryer	\$50 - \$100 (See form)
✔	Water Heater - Gas Tankless or Storage Tank	\$300
⚠	Water Heater - Heat Pump	\$400

CFU must provide water heating fuel source.

## HEATING & COOLING EQUIPMENT

To be eligible for a rebate, all heating & cooling improvements must be sized by CFU prior to installation.

	NAME	REBATE AMOUNT
⚠	Natural Gas Boiler	Up to \$400 (Minimum 92% AFUE)
⚠	Natural Gas Furnace with Variable Speed Blower Motor	Up to \$200 (Minimum 95% AFUE)
⚠	Central Air Conditioner	Up to \$350 for SEER 16.0 or higher
⚠	Ground-source Heat Pump (Open or closed loop)	Up to \$300/ton of new group loop + Up to \$300/ton of heating capacity installed
⚠	Air-Source Heat Pump	\$600 (2 stage units only, minimum 15 SEER and 8.5 HSPF)
⚠	Duct Modifications	See rebate form for more information
⚠	Ductless Mini Split System	Up to \$100/ton cooling
✔	WiFi Programmable Thermostat	\$50 (Not to exceed 60% of thermostat cost)

In an effort to simplify the application process while ensuring quality installations, the HVAC SAVE<sup>®</sup> online platform and requirements will not be used in the 2019 program year. Your HVAC contractor will still be required to perform quality checks.

## NEW CONSTRUCTION INSULATION & AIR SEALING

	NAME	REBATE AMOUNT
⚠	Insulation and Air Sealing	Varies (See form)

## APPLIANCE RECYCLING

	NAME	REBATE AMOUNT
✔	Standard Refrigerator	\$50 (16 cu ft or larger)
✔	Freezer	\$50 (16 cu ft or larger)
✔	Window Air Conditioner	\$25

Limit 2 rebates per appliance type per year. Must serve facilities that receive CFU electric service. Must drop off at Cedar Falls Transfer Station or request City Refuse pick-up. Disposal fees will apply.

## LIGHTING

	NAME	REBATE AMOUNT
✔	LED Recessed Lighting	50% up to \$8 each (35 per account)

For instant in-store LED bulb rebate details visit [iowabebright.com](http://iowabebright.com).

## THERMAL ENVELOPE IMPROVEMENTS

You must use a professional contractor and you must receive pre-approval from CFU for thermal envelope improvements (exceptions noted below). CFU will pay incentives on residential attic insulation provided that the existing insulation level is less than R-30. Rebate applications may be submitted for projects that increase the attic insulation up to a maximum of R-49. You can use any licensed contractor to qualify for CFU's air sealing and insulation incentives.

	NAME	REBATE AMOUNT
⚠	Attic/Ceiling Insulation	60% of costs
⚠	Sidewall Insulation	60% of costs up to \$1,000
⚠	Foundation Insulation	60% of costs up to \$1,000
⚠	Duct Insulation	60% of costs
✔	Rim/Band Joist Insulation	60% of costs up to \$480
✔	Exterior Doors	\$75 (With U-factor of 0.10 or less) \$25 (With U-factor of 0.11-0.20)
✔	Air Sealing, Caulking, Weather-Stripping	60% of costs up to \$200

Not all insulation projects will qualify for incentives.
