

CFU OFFERS COST-SHARING REBATES TO HELP CUSTOMERS PAY FOR ENERGY EFFICIENCY IMPROVEMENTS.

HOW TO QUALIFY For heating, cooling or thermal envelope improvements, start by contacting CFU. For efficient appliances or recycling rebates review and complete the application form available online at www.cfu.net/rebates or at Cedar Falls Utilities, 1 Utility Parkway, Cedar Falls.

 Doesn't require pre-approval  Requires pre-approval by CFU

APPLIANCES

	NAME	REBATE AMOUNT
	Water Heater - Gas Tankless	Up to \$300 (UEF > 0.87)
	Water Heater - Heat Pump	Up to \$400 (UEF > 2.0)

CFU must provide water heating fuel source.

THERMAL ENVELOPE IMPROVEMENTS

You must use a professional contractor and you must receive pre-approval from CFU for thermal envelope improvements (exceptions noted below). CFU will pay incentives on residential attic insulation provided that the existing insulation level is less than R-30. Rebate applications may be submitted for projects that increase the attic insulation up to a maximum of R-49. You can use any licensed contractor to qualify for CFU's air sealing and insulation incentives.

	NAME	REBATE AMOUNT
	Attic/Ceiling Insulation	See form for details
	Sidewall, Crawlspace and Floor Insulation	See form for details
	Duct Insulation	See form for details
	Rim/Band Joist Insulation	See form for details
	Air Sealing, Caulking, Weather-Stripping	60% of costs up to \$200
