Service Rate: Cedar Falls School District Sponsored Data Services

Customer Class Designations:

RESIDENTIAL SERVICE	Monthly Rate	Effective Date
Connect>CF	Variable, from \$ 20.00 to \$5.00	10/11/18

Available: To qualifying residential households, as determined by the Cedar Falls School District (District) and Cedar Falls Utilities (CFU), with one or more students of the Cedar Falls School District participating in the District-sponsored program to provide limited internet access.

Available to premises located within CFU's service territory with access to the CFU broadband service. Determination of accessibility is at the sole discretion of CFU. The service delivered will be to one mobile computing device, provided by the District, per student. Internet access will be limited to this one device per student.

Rate: CFU will charge a rate of \$20 per month to the household. CFU will reduce that amount by the level of funding available from the District to a minimum of \$5 per month and CFU will bill the difference to the District.

For example, if the District has funding available to cover \$10 of the cost, CFU will bill the household \$10 and the District \$10, for a total of \$20. If the District has funding available to cover \$15 of the cost, CFU will bill the household \$5 and the District \$15.

The District and CFU shall evaluate the funding available to the District before each school year and adjust the proportion accordingly for each school year.

Late Payment Charge: 1-1/2% on the unpaid balance after 25 days from bill date.
